Subject: Response to Letter Dated July 25, 2007, Reduce Subsidence Monitoring, Canyon Fuel Company LLC, Skyline Mine, C/007/0005

Dear Mr. Galecki:

The Division received your letter dated July 25, 2007 in which you requested permission to stop conducting subsidence monitoring on the southern portion of the Skyline Mine. The Division reviewed the letter and determined that since the area has stabilized and there are no plans for future mining in the area that subsidence monitoring is no longer needed.

In order for the Division to approve the change in the subsidence monitoring plan the Permittee will need to submit an application that modifies the program. If you have any questions, please call Wayne Western at (801) 538-5263 or me at (801) 538-5268.

Sincerely,

A handwritten signature in black ink, appearing to read "Pamela Grubaugh-Littig".

Pamela Grubaugh-Littig
Permit Supervisor
